ANNUAL REPORT OF THE COUNTY COMMISSIONERS.

To the Citizens of Hillsborough County :

In conformity to the laws of the State of New Hampshire we submit to you the annual statement of the financial expenses of the county for the year ending April 30th, 1887.

Also the reports of the Superintendent of the Farm and Almshouse, Treasurer, Clerk of Court, Solicitor, Sheriff, Jail-er, Physician, Chaplain and Auditors.

COUNTY FARM AND ALMSHOUSE.

During the twenty years that the County Farm has been at Wilton great improvements have been made on the land and buildings.

The farm at the present time is in a good state of cultivation, producing more than double that it did when purchased by the county.

The buildings are in good condition, convenient and well furnished. The improvements made upon the farm during the past seven years are highly complimentary to the efficient

superintendent, Chas. A. Stiles, Esq., who with the matron Mrs. Stiles, are unceasing in their efforts for the comfort of all who come under their charge.

The financial reports, etc., will be found under their appropriate heading.

We again return our sincere thanks to Mr. and Mrs. Stiles, for their good management and discipline at the institution and the courtesy shown us at all our visits at the farm. We also appreciate the respect shown by the officers.

JAIL.

The expenses at the jail for the board of prisoners, fuel and incidental repairs amount to \$7,082.32, less than those of last year by \$868.51. Capt. David Wadsworth and wife still continue to give satisfaction as jailer and matron, keeping the premises neat and clean and supplying the prisoners with suitable food and clothing.

ALFRED G. FAIRBANKS,

GEORGE A. COCHRAN,

WEBSTER C. BROWN,

County Commissioners.

SUPERINTENDENT'S REPORT.

To the Honorable Board of Commissioners of Hillsborough County:—

GENTLEMEN.—Although this is an institution of considerable magnitude, with several hundred frequently changing individuals to care for, with many different duties, and perplexing cares—still everything is so systematized and arranged, that the routine is about the same from year to year, and remarks that apply one year, will, except in particular cases, apply to any other year, consequently I have no lengthy report to make at this time.

Permit me to suggest for your consideration, the idea of increasing the supply of water at the buildings, by turning the silo into a reservoir. When the excavation was made for the silo, the possibility was discussed of at some time making this change, and the silo was constructed with that idea in view.

In the months of July, August and September we are greatly troubled by drouth and if the change is made, the wind mill could be kept running all the time when there was wind enough to move it—and a sufficient supply of water kept on hand to last several days in case of a stoppage of the flow from any cause.

I would also recommend in case the change is made, the building of a new silo nearer the barns where the ensilage is

consumed. Our experience has demonstrated the fact that ensilage is a great addition to our food supply for stock, and causes a great saving in English hay.

It will be seen by the report that the price of board of inmates is twelve cents per week higher, for each person than it was last year. This is explained from the fact that 1374 less weeks board was furnished, the number of admissions to the institution being 32 less than last year.

Our thanks are due to the publishers of the *Nashua Telegraph* and *Amherst Cabinet* for copies of their paper furnished during the year, and also for a large number of exchanges sent for the benefit of the inmates. Also to all parties who have in any way contributed to the well being of the institution.

Again thanking you, gentlemen, for the courtesy shown at all times to myself and wife I respectfully submit my report.

C. A. STILES,

Supt. County Farm and

House of Correction.

Wilton, May 1, 1887.

PHYSICIAN'S REPORT.

To the Honorable Board of Commissioners of Hillsborough County:—

GENTLEMEN.—Allow me to make my first report, which only covers one quarter of this present year.

During the quarter there has been no unusual sickness, very few deaths except from old age, or incurable complaints. The cleanliness maintained in all parts of the institution is conducive to the health of the inmates. The management of those in charge of the inmates is as nearly perfect as possible under the circumstances.

Respectfully submitted,

B. F. GREEN, M. D.

CHAPLAIN'S REPORT.

To the Honorable Board of Commissioners of Hillsborough County:—

Your chaplain has to report that the regular duties of the chaplain have been performed. Two preaching services have been held each month; twenty funeral services have been conducted; the sick have been visited; and others conversed with on the subject of religion.

Quite a number of those who have died have given evidence of repentance toward God and faith in the Lord Jesus Christ. "Thanks be unto God for his unspeakable gift" through which the poor as well as the rich may become rich in heavenly treasures.

If the gospel of Jesus could have free course and all would allow its blessed influences to enter their hearts and direct their lives, we should have little use for county almshouses. But things are not as we could wish, and we must deal with the present state of things in the spirit of the gospel, giving a helping hand to the one who has fallen, or has taken the wrong road, let us kindly direct them to Him who is "the way, the truth and the life."

Two things should be mainly sought in an institution of this kind; the one to make all as comfortable as possible, especially the aged and the sick; the other that all should be put under the best possible influence to elevate to a higher and

better life ; this applies especially to the children. We feel that under the management of Mr. and Mrs. Stiles these ends are as fully realized as possible with the present conveniences at the county farm. In this connection I feel it my duty to speak a word for the children. With my experience of nearly three years as chaplain I have become convinced that it is wrong to rear children under such influences as they meet with in a county-house yard, therefore I say that each county ought to provide a children's home outside of the influence of the present almshouses.

To rear children under the influence of those who have graduated in the higher schools of sin and vice is but to educate them for the same life, to pollute society and to become paupers and criminals to be supported at the public expense. No county can afford to do this.

Very grateful for the kindness shown me by all connected with the county farm and the excellent attention given at the services, I submit the foregoing report.

GEO. C. TROW,
Chaplain.

April 26, 1887.

SOLICITOR'S REPORT.

To the Honorable Board of Commissioners of Hillsborough County:—

GENTLEMEN :—I herewith submit my report as County Solicitor for the year ending May 1, 1887. During this time I have received no money belonging to the county. In the past year there has been no civil case pending in which the county was a party except suits for the recovery of the amounts due the county on forfeited recognizances. There were thirteen of these and the county has recovered judgment in all of these except two which were brought under a misapprehension and were dismissed.

At the beginning of the year there were twenty continued cases on the criminal docket in this county. To this number there have been added by indictments one hundred and thirty cases, and by appeals from police and justice courts twenty cases more, making in all one hundred and seventy cases upon the docket in this county during the past year.

These one hundred and seventy cases have been disposed of by trial and otherwise with the exception of about ten cases which will be continued at the end of this term. I am unable to give the exact number of continued cases at this term for the reason that the March term of the Supreme Court in this county is still in session and the docket is not yet closed.

ROBERT M. WALLACE,
Solicitor.

May 1, 1887.

AUDITOR'S REPORT.

The undersigned, auditors for the County of Hillsborough, having attended to their duties report that they have examined the accounts of the county commissioners, superintendent of the county farm, and county treasurer, and the bills, notes, coupons and payments named therein and find that said accounts are properly cast and well vouched and they also find that, in their judgment, the sums named in said vouchers and payments are according to the market value of the articles charged therein and that said articles have been used for the benefit of the county.
